**ATLANTA, March 21, 2017** – [Colo Atl](#), the leading provider of carrier-neutral colocation, data center and interconnection services at 55 Marietta Street in Atlanta, announces today that [SyncGlobal Telecom](#) has selected Colo Atl's downtown Atlanta facility for colocation and data center services. A [Fiber Network Owner Alliance \(FNA\)](#) member, SyncGlobal Telecom is a facility-based provider of local and long distance voice service, hosted IP PBX, high-speed Internet access, data transport services, private fiber connectivity – and soon residential services.
